August 2024

Dear Students and Parents,

Welcome back to an exciting year for each student. We are looking forward to it and trust you are too. There are very few changes in this year's handbook, but we ask that parents and students carefully review it together. Please note that we are providing planners with the handbook for each student. Each student will be required to have and use the planner daily just as they would a textbook.

Please contact me if you have questions about any items in this handbook. My office is located on the main floor in the center of the building. We're looking forward to a great year working with your child! Please remember that all entrances except the west (main) entrance are locked during the school day for security reasons.

ATTENDANCE

We are pleased to have your child in the Galena Schools! We have a very talented and dedicated staff committed to helping all of our students be successful in every area of their school career. We believe students are developing important skills and habits that will enable them to be successful not only in school, but throughout their entire lives. We know you are also committed to helping your child be successful in school and attending school every day is the first step.

We are not asking you to send your children to school when they are too ill to be here, such as a fever over 100°, but if it is possible to be here on days when they may not be feeling their best, it is important for their education to be here. Please let your children know they can go to the office if they are not feeling well. The school nurse can check on them and help in any way. We want to do whatever is necessary to make sure they have a good day at school.

The School Resource Officer will help you and your child comply with the Kansas Compulsory School Attendance Law and ensure that you and school employees will know their whereabouts during the school day.

Kansas Compulsory School Attendance Law

- Every parent or person acting as parent in the state of Kansas, who has control over or in charge of any child who has reached the age of seven years and is under the age of 18 years, shall require such child to attend continuously each school year.
- Any child who is under the age of seven years, but who is enrolled in school, is subject to the compulsory attendance requirements.
- Whenever a child is required by law to attend school and is enrolled in school and the child is inexcusably absent there-from either three consecutive school days or five or more school days in any semester, or seven in the school year shall be considered to be not attending school as required by law.
- Each board of education shall designate one or more employees who shall report to the secretary of the Department of children and Families (DCF) , or a designee thereof , all cases of children who are less than 13 years of age and are not attending school as required by law, and to the appropriate county or district attorney, or a designee thereof, all cases of children who are 13 or more years of age but less than 18 years of age and are not attending school as required by law.
- A child is inexcusably absent from school if the child is absent all or a significant part of a school day without a valid excuse acceptable to the school employee designated by the board of education to have responsibility for the school attendance of such child.

Excessive Absences

1. The Board of Education, administration, and faculty believe students share in the responsibility for acquiring their own education. School sponsored trips, events, and activities will not be counted as days absent.
2. Examples of excused absences are a personal illness of the student, which requires hospitalization or home confinement, doctor appointment, mandatory court appearance, a death in the family, or other absences the principal has excused prior to the absence. Examples of unexcused absences are staying home to take care of family members, running errands, shopping, vacation, etc.

3. If your child is going to a doctor or dentist appointment, or a mandatory court appearance, please provide a note to the office signed by the doctor or court officer, stating the date and time of the appointment or court appearance.
4. Students should be in attendance as much as possible before and after pre-arranged appointments and should check into the office before leaving and upon returning from appointments.
5. School staff will check student attendance daily. On the day the student is absent, a parent or guardian needs to notify the school office by 8:15 a.m. and state the reason for the absence. You may call, come into the office, or send a note..
6. If the office has not been notified by you that your child will be absent that day, for the safety of your child, school staff will attempt to contact you by phone, the Resource Officer may make a home visit or contact one of your emergency references listed on the enrollment form. We must have a parent documented reason when a student is absent. If staff members are not able to contact you, please send a note to the office the next day when your child returns.
7. The School Resource Officer is here to help your child attend school regularly to comply with the state compulsory attendance law, but more importantly, to help them be safe and successful in school. You will be notified if absences or tardies become a problem for your child. Note: The Principal of Liberty Elementary is the attendance officer for grades 3-5.
8. Students must never leave the building without first checking out through the office. This does not apply to students leaving on a field trip or other school activities under the supervision of a teacher.
9. All class work must be completed to the satisfaction of the teacher when a student has been absent for any reason.
10. Parents who have a question about an absence or the policy should contact the school administrators or the attendance resource officer.

Tardies

1. If a student is not in the classroom when the tardy bell rings, they will be tardy.
2. Students who arrive at school late need to secure a pass from the office to be admitted to class.

Truancy

1. Truancy is defined as being absent from school without permission from both the parent/legal guardian and the school for a significant portion of a school day. An absence is considered a “significant” part of the school day, when a student is absent from school one-fourth of a school day or as determined by the principal.
2. Consequences for truancy and absences include but are not limited to: teacher interventions, ISS, Saturday School, and possible reporting (by administration) to Kansas Division of Family and Children (DFC) and the county attorney. Any student who is absent from school a “significant” part of a school day without an excusable reason, is subject to being declared truant and reported to the proper authorities.

DISCIPLINE

School is a serious place of work. Although we want students to enjoy school and have fun, we expect students to behave appropriately. School and classroom rules and guidelines are established for

classes, the playground, lunchroom, and other places to maintain a positive and safe learning environment and help ensure everyone can learn. Liberty Elementary School staff expect all students to respect others and their property, follow directions set by staff members, and be good problem solvers. In all cases, the age of the student and the seriousness of the offense will be considered when disciplining students. The administration will use discretion when determining discipline consequences and parents will be contacted. Please remember that discipline decisions are imposed based on actual facts and are imposed to help students learn self-control, improve their judgment, and prevent the behavior from reoccurring. Individual student's perceptions of what happens often differ when two or more students are involved, and the school is responsible for determining the actual facts as to what occurred. Liberty Elementary staff uses discipline plan guidelines to determine appropriate student consequences to hold students accountable for their actions and to prevent further inappropriate behaviors. Please refer to the plan for more information.

Although the discipline plan addresses the most frequent discipline problems that may arise, parents' and students' also need to be aware of USD 499's district wide . The behavior expectations:

1. Students should report to the gymnasium upon arrival at school and if a late bus rider, wait in their last period class until the buzzer sounds.
2. Hats and hoodies are not allowed to be worn in any campus buildings.
3. Students must walk bicycles while on campus.
4. Gum and candy are not allowed, unless authorized by a teacher or principal.
5. Bandanas and clothing or manner of dress that could be related to gangs are not allowed.
6. Students are required to check out with their parent/guardian through the office before leaving campus.
7. Students are expected to come to class prepared with supplies and assignments.
8. Students are expected to behave appropriately at all times in all places.
9. Conduct, which "materially or substantially" interferes with the educational process, is prohibited, including the use of obscene, profane language, or gestures.
10. Students are expected to dress appropriately. Students should not be present with; shirts with alcohol messages, obscene gestures, or profanity, backless shirts, net shirts that are see through, spaghetti straps, short shorts or skirts, or other types of dress that may cause a disruption . Appropriate dress issues will be determined by the principal.

Each classroom teacher should utilize all management techniques (such as proximity, non-verbal cues/signal, etc.) before applying consequences such as detentions or recommendations for more extensive consequences.

Teachers should use the following procedures in managing classroom behavior, unless it is an emergency situation:

Step 1 – Use classroom management techniques to stop the behavior

IN SCHOOL SUSPENSION PROGRAM (ISS)

In School Suspension (ISS) is a disciplinary method, which allows students to be removed from the regular classroom(s) for a period of time without removing them from the classroom learning. It is an additional step in a progressive discipline plan to address behavioral and academic problems, which have typically required out of school suspension. Processing the behaviors through follow up conferences, written assignments, and individual and group interviews may be implemented as appropriate based on individual student needs.

The basic philosophy centers around the expectation that students are responsible and accountable for their own behavior. If a student displays an inability to function in the regular classroom or fails to follow district and/or building policies, ISS is one option in the continuum of consequences available to school personnel. (Except in severe classroom disruptions, other discipline strategies including classroom interventions, time out, and parent conferences will be utilized prior to assigning ISS depending on the frequency and severity of the behavior.) The purpose of ISS is to provide an intensively structured alternative environment for a student to promote academic and behavioral improvement before returning to the regular classroom. Satisfactory completion of ISS is required prior to the student's return to the regular classroom (s).

If noncompliance occurs in ISS, parent conferences and out of school suspension (OSS) may result. Upon return from OSS, the student would still be required to complete the assigned ISS. During the term of ISS, participation and attendance at all school related activities are suspended.

Saturday School – Detention

Saturday Detention will meet each Saturday during the school year from 8:00 a.m. to 12:00 noon. If Saturday School is canceled or not in session, students will be notified.

Saturday Detention Procedures:

1. Students will report to the assigned classroom at 8:00 a.m.
2. Saturday School will end at 12:00 Noon.
3. Students who fail to come when assigned or are asked to leave will be assigned ISS and reassignment of Saturday school. If they miss two (2) consecutive Saturday schools they will be assigned ISS or possibly an Out of School Suspension.
4. Students are responsible to bring study materials or reading suitable for school.
5. Students will be allowed two (2) restroom breaks (9:30 a.m. and 11:00 a.m.).

6. No sleeping or lying on the desk.
7. Drinks, gum, candy, or refreshments are not permitted.
8. Students assigned to Saturday Detention will furnish their own means of transportation. Parents or guardians will hold the responsibility for ensuring that transportation is made available.

ASSESSMENTS DISTRICT WIDE

Galena USD499 School District complies with Kansas State Department of Education assessment requirements. At designated grade levels students will complete reading screenings, assessments of academic learning, career interest surveys and surveys of social emotional learning.

ANIMALS ON CAMPUS

No animal of any type will be permitted at school without prior approval of the principal. Even with principal permission, animals are not allowed on the bus.

AFTER SCHOOL TUTORING

If, or when, a student is recommended for After School Tutoring by their teacher for academic needs we strongly encourage regular attendance. Liberty will work with other after school extra-curricular activities sponsors on attendance for both activities. Liberty will also work with parents on transportation matters. After School Tutoring is mandatory prior to attendance at the extra-curricular activity or The Learning Zone.

BUS TRANSPORTATION

Bus transportation will be provided for eligible students. Common rules for riding the bus have been established. Behavior problems on the bus will be forwarded to the office and bus privileges may be taken away by the school administrator. *See Discipline Plan.*

Appendix to Transportation Policy

The following regulations pertaining to bus transportation and pupil behavior have been adopted by the Board of Education of Galena Unified School District No. 499:

Instructions to Pupils and Drivers

1. The driver is in charge of the pupils on the bus. Pupils must promptly obey the driver. Pupils refusing to obey the bus driver will be referred to the building principal for disciplinary action.
2. The driver may assign each student to a seat and each student must be provided a seat. Students in less desirable seats may move to a second assigned seat for added comfort after the passenger load is lightened if permission is first obtained from the driver and if the bus is not in motion. Students must remain seated on the bus except when boarding or exiting. The driver may change assigned seats..
3. Pupils must be on time; the bus cannot wait for those who are tardy. Pupils must walk on the

- far-left side of the road facing traffic when going to the bus stop.
4. Pupils must never stand in the roadway while waiting for the bus. All pupils must wait for the bus off the traveled portion of the road. Students should wait in an orderly manner and never push or shove other students.
 5. Unnecessary conversation with the driver is prohibited. Do not talk loudly or distract the driver's attention. Remember your safety is in the bus driver's hands.
 6. Outside of ordinary conversation, classroom conduct is to be observed.
 7. Pupils must not throw waste paper, trash or other rubbish on the floor of the bus. Help keep your bus clean and sanitary at all times.
 8. Pupils must not at any time extend arms or heads out of bus windows.
 9. Pupils must not try to get on or off the bus or move about within the bus while it is in motion.
 10. When leaving the bus, pupils must observe the directions of the driver. If you cross the road, do so in front of the bus after making sure the highway is clear.
 11. Any damage to the bus is to be reported immediately to the driver.

CARE OF SCHOOL PROPERTY

Any school equipment used by your child must be taken care of properly. The proper care of books is the responsibility of each student. Any books, school materials, equipment, and property damaged or lost are the responsibility of the student and the student will be assessed for any loss or damage. No other books will be issued until fees for the lost or damaged books have been paid.

CELL PHONES or COMMUNICATION DEVICES

The school staff recognizes many parents have provided cell phones or communication type devices to their children for emergency purposes. If students bring phones, watches, iPads, or other communication devices to school, they will be asked to leave them "off" and in their backpacks and cubby during school hours. Any student who needs to contact their parents during the school day will be allowed, with permission, to use the office or classroom phone. The school will not be responsible for the loss of any communication devices. If students violate this policy, the device will be forwarded to the office and returned at the end of the day.

CLASS PLACEMENTS

Assigning students to teachers at Liberty Elementary is the responsibility of the staff. Sending and receiving teachers meet to determine a good mix of students' personalities and abilities in each class. For that reason, we ask that parents not make requests.

COUNSELING SERVICES

Liberty Elementary employs a counselor who is available for a variety of needs. Students are encouraged to visit with the counselor whenever a serious situation occurs that requires guidance i.e., grades, personal concerns, etc.

In the event a student requires outside counseling services, a list is available for parental consideration. Please consult with the principal or school counselor for a list of agencies

recommended.. Students who are suspended or expelled under the terms of this policy will be afforded the due process rights contained in board policies and Kansas statutes, K.S.A. 72-6114, *et seq.* Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline.

In the event a student agrees to enter into and complete a drug education or rehabilitation program, the cost of such program shall be the responsibility of the student and the parents. Drug and alcohol counseling and rehabilitation programs are available for students of the district.

10. Hair should not be distracting to the learning process.

Any decision about questionable attire will be made by the administration.

ELECTRONICS

School staff recognize there are times students will bring phones, tablets, iPods, Switch, or other electronic devices to school. If students bring electronics to school, they will be asked to leave them “off” and in their backpacks until an appropriate time as designated by school staff. The school

will not be responsible for the lost, broken, or stolen electronics.

EMERGENCY PROCEDURES

In case of fire, tornado, inclement weather, or other emergency situation, guidelines have been established, posted and will be followed by the supervising teacher. Parents should not call the office during a tornado warning. Every precaution possible will be taken to ensure each child's safety in case of such an emergency.

ENTRANCE AND EXIT PROCEDURES

Liberty Elementary is located on the ground level floor of the Liberty building. The Liberty building will be secured during the school day so that entry into the building will be from the west doors only. The north doors will be open for entry from 7:20 am to 8:00 am and from 3:00 until 3:35 PM. All visitors need to report to the office and check-in. All outside doors are accessible for exiting the building at any time throughout the school day.

GRADES

Grades should reflect student accomplishments based on a variety of assessments. A minimum of two grades per week in reading and math will be recorded.. At least one grade per week will be recorded for all other subject.

Teachers are required to record grades using the "Power School" program. Teachers are also required to track content indicators for each subject area by quarter. Teachers should frequently make a "back-up" of the grades on the file server and track late assignments, if grade is based on lower or higher level of material, or on more than one attempt. This information will be helpful for parent conferences, Student Intervention Team meetings, after school tutoring, and summer school. Teachers will be notified quarterly when grade cards are due to Hollie Petry, Data Processing Clerk.

Progress Reports will be in the form of parent notification of grades and percentages for every subject as of the fifth week of each quarter. Teachers will request a parent conference for students who are making below average grades or failing, not turning lessons on time, or not passing specific indicators.
